Sub:- Vanivilas Sugar Factory at Hiriyur.

(a) the amount of profit earned or loss incurred by the Vanivilas Sugar Factory, Hiriyur since its commissioning and if there is loss the yearwise loss upto date and reasons for the same;

SRI R. L. JALAPPA (Minister for Co-operation) :—

(a) The factory was commissioned on 21-8-1972.

The details of yearwise profit/ loss are as follows :—

Year	Loss (-)	(Profit (+)) (Rupees in lakhs).
1971-72	49.00	—
1972-73	...	1.45
1973-74	...	36.55
1974-75	17.91	—
1975-76	77.71	
1976-77	23.08	
1977-78	98.60	
1978-79	32.41	
1979-80	39.72	
1980-81	22.82	
1981-82	Accounts are being audited and the report is expected by September 1983.	
Total (—)	361.25	+ 38.00

(1) Reasons for the loss : Due to crushing of sugarcane less than its installed capacity and for less than the average working days of 180 days. The present capacity of the plant is 1250 TCD and to crush up to installed capacity the factory should crush 2.35 lakhs Mts. The plant has been under utilised due to lack of availability of cane.

The following is the operational results of the factory since its commissioning and number of days:

Worked as against 180 days

Year	Cane crushed in MTS.	No. of crushing days
1971-72	0.63	43
1972-73	1.04	173
1973-74	1.82	220
1974-75	1.36	143
1975-76	1.07	154
1976-77	1.41	167
1977-78	1.97	178
1978-79	0.93	113
1979-80	0.65	82
1980-81	0.82	93
1981-82	1.63	173

(2) The second reason is the payment of cane price higher than the price fixed/advised by Government of India/Government of Karnataka, owing to which the factory sustained heavy loss.

The details are as follows :

Year	Cane price fixed advised (ex-factory) by GOI (PMT)/ GOK (PMT)	Cane price paid by the factory PMT	Excess payment made (Rs. in lakhs)
1971-72	Rs. 73.70	95.00 PMT (jurisdiction) 105.00 (Outside jurisdiction)	2.60
1972-73	Rs. 80.00	105.00 PMT (Jurisdiction) 116.00 PMT (Outside jurisdiction)	35.48
1973-74	Rs. 91.30	118.00 PMT (Jurisdiction ex-field) 128.00 PMT (Outside jurisdiction ex-factor)	65.63
1974-75	Rs. 98.00	128.00 (Jurisdiction ex. field) 150.00 (Outside Jurisdiction Ex-factory) 175.00 (Ex-factory)	67.50
1975-76	Rs. 100.00	130.00 (Jurisdiction ex. field) 175.00 (Outside jurisdiction ex-factory)	63.59
1976-77	Rs. 98.00	130.00 (Jurisdiction ex-field) 130.00 (Outside Jurisdiction Ex-factory)	
1977-78	Rs. 102.00	130.00 (Jurisdiction ex-field) 154.00 135.00 } (Outside jurisdiction 105.00)	
1978-79	Rs. 116.50	116.50 (Within and outside jurisdiction —do—)	61.15
1979-80	Rs. 150.00	150.00	NIL
1980-81	Rs. 139.20-174.95	200.00 (Jurisdiction ex-field)	NIL
1981-82	Rs. 157.50	200.00 (Within and outside jurisdiction)	61.93
			97.03

(3) The overhead expenditure for tonne of cane crushed is much more than the expenditure incurred in other sugar factories where sufficient quantity of sugarcane is crushed.

(4) During the year 1978-79, due to decontrol of sugar, the sugar price had declined to Rs. 188.83 per qtl which is less than the cost of production.

(5) There is always heavy stock of sugar in godowns due to restrictions on release of sugar—both levy and free sugar, resulting in heavy interest on borrowed capital.

(6) The average realisation of sugar is less than the cost of production.

(7) Appropriation of depreciation on buildings and plant and machinery to the loss account.

(8) The expenditure incurred on the investments made for the development of Horticulture, coconut gardens and seed farm during the said years.

(b) 1. The names of the Chairman who have been holding the office since its inception to date and

2. during whose period the loss was more.

3. Steps taken by Government to reduce the losses.

SRI. R. L. JALAPPA (Minister for Co-operation).—

(b) 1. Names of the Chairmen From	To
(1) Sri. K. S. Seetharamaiah	7-4-62
(2) Sri. B. L. Gowda	9-4-72
(3) Sri. P. T. Eswarappa	10-7-78

2. During the period of Sri. B. L. Gowda, the loss was more. The expenditure on account of fluctuations in market price of sugar and heavy stock of sugar in godown resulted in trade loss. The expenditure incurred on development activities like Horticultural garden, Coconut garden and Seed farm added loss during the above-said years.

3. Steps have been taken to curtail the expenditure on inventories and the construction of new building. The factory expects net yield from the Horticulture and the Coconut gardens and other assets.
